

## Obedience Pac

High Jump, Bar Jump, Broad Jump

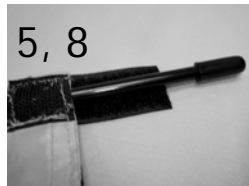

1-Setup:  
1-Unhook button loop on each side to open round jump wings and broad jump boards

2-Assemble support rods  
Includes: 2-Small (for broad jump board), 2-Medium (for broad jump board), 2-Large (for broad jump board), 4-XLarge (1 each for jump bar and jump panel and 2 for broad jump board)

3-Secure each left hand jump wing with stakes

6-Attach jump bar and panel to jump wings at desired height  
7-Secure right hand jump wings with stakes (allow for correct wing spacing)

8-Insert matching rod (S, M, L, XL) in top and bottom pockets and secure hook & loop on each broad jump board

9-Secure broad jump boards with stakes

***In just minutes you are ready to start training with your dog!***

### Pack-Up:

- 1-Detach jump bar and panel from jump wings
- 2-Pull up stakes from jump wings and broad jumps boards
- 3-Collapse jump wings and broad jump boards and secure button loop on each side

- 4-Remove support rods from jump bar and panel and each broad jump board
- 5-Collapse support rods and store in bag
- 6-Fold jump bar and panel
- 7-Store everything in carrying case

***Easy to use, easy to store!***
